

BRIEF – Speed Run 2003

After the success of Speed Run 2003 held in Mumbai in January 2003, Autocar India is planning to organise 3 more mega drag meets for cars and bikes sponsored by Speed from Bharat Petroleum – in Bangalore on 22nd and 23rd November 2003, Mumbai on 13th and 14th December 2003, and New Delhi on 10th and 11th January 2004.

The drag meet will essentially consist of an acceleration test from a standstill to the 400 metre mark. The winners will be based on the car and driver who clocks the least elapsed time over the said distance. This event will be run as per the norms laid down by the FIA and FIM for similar sporting events.

The last Speed Run saw over 200 entries, with participants entering in all classes of cars and bikes. It was also a spectacular display of some of the best cars and bikes in the country in action, probably for the first time ever together at such an event. This also generated a great deal of media and public attention. It is hoped that the ensuing Speed Runs evince even greater interest from participants and viewers alike.

The classes in the upcoming drag events and permissible modifications to the vehicles are as follows:
